

Primary Life Science Insurance: Discover LS Prime® and LS Prime® Advantage

Through LS Prime®, our nonadmitted solution, and LS Prime® Advantage, our admitted solution, we offer primary products liability and Errors and Omissions coverage.

LS Prime[®] Advantage

Whether a life science company is in the preclinical stage, or a Fortune 1000 company with numerous products on the market, our scalable insurance offering addresses the emerging issues faced by life science companies of all sizes.

View Resources →

Products Completed Operations Coverage

- Up to \$15M in limits
- Bodily injury, property damage, and medical monitoring expenses
- Coverage for mental anguish without physical injury, explant expenses, and products subject to Enforcement Discretion (not yet FDA approved)
- Punitive damages coverage - full limits where allowable by law
- Worldwide liability and defense coverage for companies selling products in the U.S. and globally, and for service organizations working on behalf of life science clients

[Watch our video for more information on key features and highlights about Designated Products or Substances Exclusion.](#)

Clinical Trials Liability Coverage

Broad, blanket clinical trial coverage available, including:

- Personal and advertising injury liability
- Abuse and molestation liability
- Medical monitoring coverage
- No-fault medical expense

Worldwide coverage territory is standard. Locally admitted policies are also available in numerous countries

Errors & Omissions Liability Coverage for Economic Injury

- Broad definition of economic injury - negligence not required
- Designed for both medical product and service organization, including telemedicine providers

- Covers third-party recall loss by customers, including Class II and III recall expenses
- Unique coverage for customer-supplied material loss caused by manufacturing process errors

[Watch our video for more information on key features and highlights about the E&O Liability Coverage.](#)

First Party Product Withdrawal for Class I Recalls

- Comprehensive expense coverage to help mitigate the risk posed when products are the subject of Class I Recalls
-

Product Shortage Coverage

- Product Shortage Loss Liability—third party insurance that addresses damages and defense expenses associated with claims alleging bodily injury resulting from a product shortage.
 - Shortage Management and Medical Monitoring Expense—first party insurance that reimburses the policyholder for expenses incurred to respond to the FDA, monitor customers' health conditions throughout the shortage, and even locate stolen or counterfeited product.
-

Enhanced Cyber, Privacy and Data Protection Coverage

- Broad, comprehensive Data Security and Privacy Liability and First Party Coverage offered to address theft, loss, or unauthorized access to proprietary clinical trial and other corporate information, trade secrets, PII, and genetic information.
- Includes access to Breach Hotline staffed 24/7 by preeminent Breach Counsel.

Additional Key Features

Broker's Checklist

With “ease of doing business” in mind, LS Prime® Advantage was designed with important coverages and features automatically incorporated. Features may be standard insurance “checklist” items, and others are unique to the life sciences.

[Watch our video for more information on key features and highlights about the Broker's Checklist.](#)

Batch Coverage

- Automatic batching for defined critical facts — extends for seven years beyond the coverage relationship.
- Provides batch protection for insureds facing a "mass litigation risk" and other specifically defined events or circumstances.

[Watch our video for more information on key features and highlights about the Batch Coverage.](#)

Medical Monitoring Expense Coverage

- Medical Monitoring coverage automatically included for both products and clinical trial risks at full limits.
- Expanded bodily injury definition includes coverage for mental anguish without physical injury.

Other Coverages

- First-party product withdrawal for Class I recalls available with no exclusions for "Faulty Formula," "Chemical Change," "Withdrawal of Similar Products," or "Shelf Life"
 - Blanket Additional Insured by contract provision, primary/noncontributory, and waiver of subrogation clauses (where required by contract) built into the policy
 - Definition of insured includes current and former employees
 - Automatic, 90-day coverage of Newly Acquired Products and Organizations with the option to add via endorsement for additional coverage
 - Supplemental Extended Reporting Period available for seven years
-

LS Prime®, our Nonadmitted Offering

Our nonadmitted paper allows the ultimate flexibility to meet the needs of even the most unique risks.

Created by life science insurance specialists exclusively for life science innovators, our LS Prime® solution helps our insureds manage risk intelligently while harnessing the latest technological and scientific breakthroughs to advance the quality of human life.
