

## LS Prime® Advantage - A New Admitted Insurance Solution for Products, Clinical Trial and Professional Liability Exposure

Berkley Life Sciences developed LS Prime®, an innovative multi-faceted insurance product designed exclusively for life science companies of all sizes and complexities. Since that time, the world has changed dramatically. Life science companies today face many new challenges – from navigating elaborate regulatory schemes to designing products incorporating telemedicine advancements – and of course managing risk during a global pandemic.

Through it all, Berkley Life Sciences has served as a risk partner ready to address the new and evolving insurance needs of the life science community. Our newly admitted LS Prime® Advantage insurance product is an essential resource for life science companies seeking to manage their risk intelligently while harnessing the latest technological and scientific breakthroughs to advance the quality of human life.

Whether a life science company is in the preclinical stage – or a Fortune 1000 company with numerous products on the market – our scalable product addresses the emerging issues faced by life science companies of all sizes.
