Risk Management Resources

With decades of experience, the Berkley Life Sciences Risk Management team provides strategic consulting and partners with policyholders and brokers to manage and reduce risk across all coverage lines through customized service programs tailored to specific client needs.

What Others Say About Us

"You are doing more than any other market and I like what I see! I look forward to seeing even more risk management tips that I can pass on to other key employees at my company."

- Risk Manager at a large pharmaceutical manufacturer

Our Service Philosophy

Berkley Life Sciences believes collaboration is key to effective risk management. By combining deep industry expertise with lessons learned, we act as a strategic partner—bringing agile, responsive support and connected intelligence to help clients navigate complexity, protect progress, and avoid financial and reputational loss.

Why Berkley Life Sciences

- **Deep expertise:** We partner with life science–focused compliance and safety organizations to deliver specialized insight tailored to your risks.
- **Agile, purpose-built solutions:** Customized service programs include operation-specific exposure benchmarking and targeted risk mitigation strategies aligned to your organization.
- **Hands-on support:** On-site consultations and employee training help embed best practices across your operations.
- **Connected intelligence:** Access hundreds of safety resources—videos, policies, procedures, and training tools—to proactively manage risk and strengthen resilience.
