Tools You Need to Enhance Your Risk Management Services

COI Track
Manage the Certificate of Insurance (COI) process and ensure your business is protected from unexpected liability

HR Essentials
Achieve HR compliance, enabled through online educational materials, an HR & Benefits library, and access to on-demand experts

Incident Track
Report claims and reduce incidents. Track employee injuries and related time off of work, conduct incident analyses, and run OSHA 300 Logs

SDS Track
Comply with the new Globally Harmonized System

Audit Track
Create audits, surveys, questionnaires, and self-assessments

Training Track
Automate your entire employee training process. Schedule, track, and document training with a database of training titles

BBS Track
Cultivate a safety culture throughout your organization with Behavior-based Safety (BBS) Program. Ensure your employees are doing their jobs safely

Job Description Track
Build job descriptions that clearly communicate employee responsibilities and job-related health and safety requirements

Safety Observation Track
Perform and track safety observations and demonstrate job compliance

Online Risk Management Library
Access a multitude of bilingual risk management documents and resources

Benefits at a Glance

- The tools for true behavior-based safety program
- Easy access through web-based application
- Complete library of safety and risk management materials based on industry best practices
- Compliance with regulatory requirements
- Comprehensive risk management platform eliminates the need for multiple programs
- No internal development or maintenance cost
- Improve profitability through reduced costs and increased productivity
- Customized to your organization's needs
